

Provider and Solution Provider of Automotive Road Lighting System Solutions

Focused on car lights with a 15 year history

Make Driving Safer

A professional car light customization factory

Guangzhou Zuoban Technology Industrial Co., Ltd

Manufacturer: Zuoban Automotive Parts (Shanghai) Co.,Ltd Origin: Shanghai, ChinaPhone: 400-999-0896 Origin 1: No. 6369 Hutai Road, Baoshan District, Shanghai Origin 2: No. 155 Huadu Avenue Middle Huadu District,

Guangzhou City

BROCHURE 2024 VERSION

A professional car light customization factory

Leading intelligent semiconductor professional integrator of car lights

COMPANY PROFILE

Zuoban Integrated Technology Co., Ltd. (hereinafter referred to as zuoban Enterprise) was established in 2008 and has been deeply engaged in the field of LED automotive lights for 16 years. Zuoban Enterprise has two production bases in China, the Zhengzhou Airport Port Factory Area and the Guangzhou Huadu Factory Area. Among them, the Zhengzhou Factory Area covers an area of 3,000 square meters, with an annual production capacity of 1 million sets. The Guangzhou Factory Area covers an area of 2,000 square meters, with an annual production capacity of 800,000 sets. It has advanced production facilities and spacious storage space. There are more than 100 employees, and more than 20 have a bachelor's degree or above. The mission of Leftban is "Making driving safer", and the vision is to provide customers with high-quality, high-performance, energy-saving and environmentally friendly LED automotive lights and become the world's leading LED automotive light manufacturer.

Focused on car lights with a 15 year history

COMPANY PROFILE

Our mission: to make driving safer

Our vision: to persist in providing products and services with a valuable chain, creating value for customers and employees, and giving back to society Our values: Unity, perseverance, innovation, excellence, gratitude, and win-win

Leading intelligent semiconductor professional integrator of car lights

REGARDING PRODUCT QUALITY

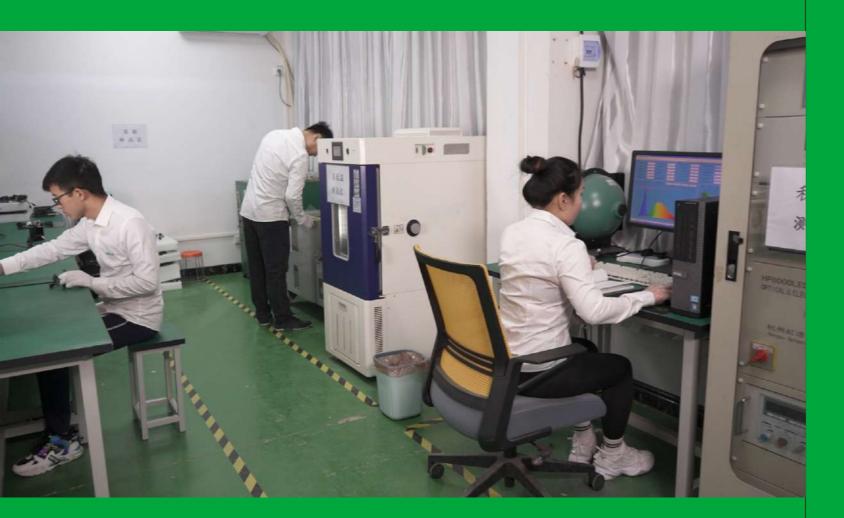

In terms of quality, we follow international standards. From the procurement of raw materials to the shipment of finished products, every link has a strict inspection process. 100% full inspection is carried out, ensuring quality. The R&D team is one of our core competencies. They keep innovating and have launched a series of LED automotive light products with unique technologies and designs. Moreover, we have multiple patented technologies. Meanwhile, we attach great importance to customer service and can provide you with customized solutions and all-round after-sales service. Whether it's a large-scale channel service provider or a small auto parts retailer, we can meet your needs.

Leading optical testing center

Our rigorous and pragmatic work style, never slackening, is rooted in every production process. Our inspectors are highly responsible and dedicated to every component, using advanced testing equipment to ensure the perfection of every factory product. This is also the secret to our best-selling products

Advanced testing equipment

Left class employees have won numerous honors and recognition from customers and industry professionals through their hard work and sweat. To ensure the quality of every product provided to users, the company requires that every product leaving the factory be defect free, fully implementing the ISO/TS: 16949 quality management system and strictly adhering to ECE regulations and industry standards. Considering quality as life is our eternal purpose,

Shanghai Frankfurt Exhibition Site

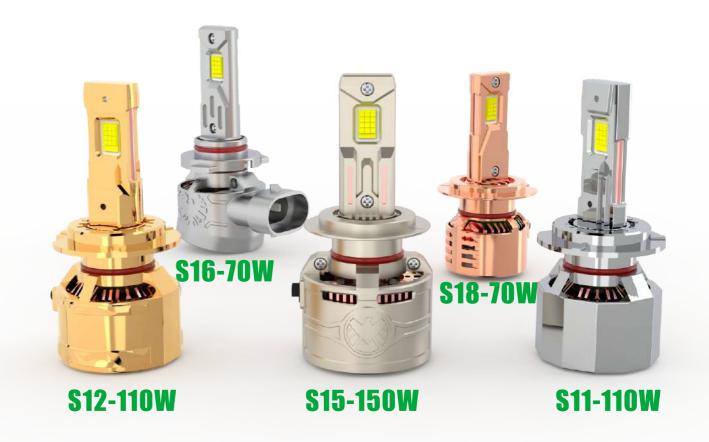

Having mature brand operation experience And scientific and effective management ability

We have a mature brand operation plan and rich experience in OEM for large auto parts chains in China. At the same time, we actively introduce advanced management experience, actively practice the concept of environmental protection, use environmentally friendly materials, and adopt energy-saving production processes to contribute to the sustainable development of the earth. We hope you have a deeper understanding of our LED automotive light factory and come to visit and guide the factory. We look forward to establishing a long-term cooperative relationship with you!

Leading intelligent semiconductor professional integrator of car lights

2 Our Specialty

A professional provider and solution
provider of automotive lighting solutions
Please leave our questions to us
We can customize car light products with
different power outputs
We already have it now200W 150W 110W
100W 80W 60W product line

Focused on customized design of automotive headlights for 15 years

\$15PRO-130W

Core Integrated Cooling System Equipped with 6 liquid water-cooled thermal conductive copper tubes 酷睿一体化散热系统 / 搭载6根液态水冷导热铜管

Product Introduction

S15pro

Product Naming	S15pro
Diameter sizemaxi	Rear seat diameter 35MM
mum power	Single light up 130W
Light source parameters	4575 12pcs 55MIL 60W Voltage: 9–12V
Product Material	Core Integrated Cooling System
Color temperature	5500K-8000K
All Models	H1H7H4HB3 HB4H11H1690069007

\$16PRO-140W

high-power Direct insertion integrated type 大功率直插一体式

Product Introduction

\$16pro-140W

Product Naming	\$16pro-140W
Diameter sizemaxi	Rear seat diameter 32MM
mum power	Single light up 70W
Light source parameters	4575 12pcs 55MIL 60W Voltage: 9–12V
Product Material	Core Integrated Cooling System
Color temperature	5500K-8000K
All Models	H7 HB3 HB4 H11 H16 9006

Double heat-conducting liquid-cooled copper pipesHighlight at normal temperature, continuously transfer the capacity from top to bottom

5G vapor chamber

Special 5G vapor chamber intelligently controls the heat around the intelligent control headlamp

High-speed FBD dynamic pressure fanMake the lamp body overheating no longer a shortcoming that affects the performance of the light

Heat dissipation fins

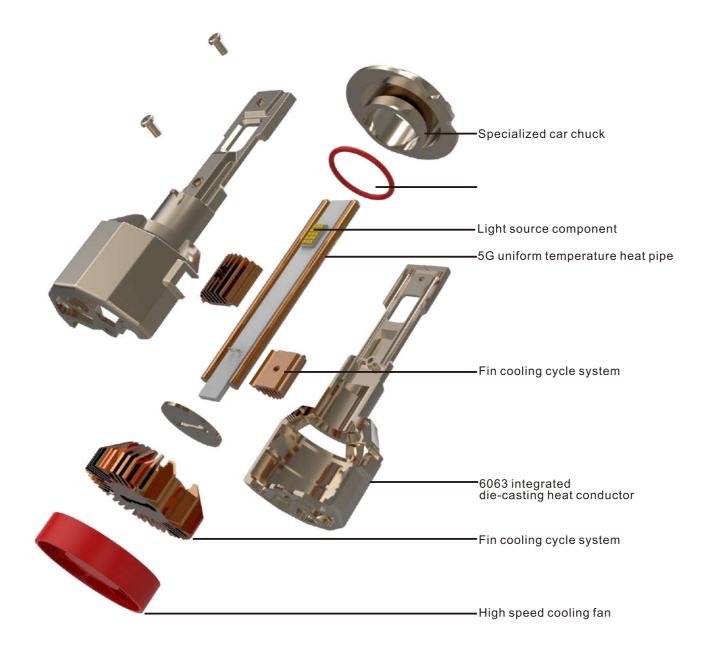

Similar to CPU heat dissipation fins, the larger the fins, the better the heat dissipation effect"

Product Introduction

\$12POR-110W

Product Naming	Production code S11
Diameter sizemaxi	Rear seat diameter 32MM
mum power	Single light up110W
Light source parameters	4575 12pcs 55MIL 60W Voltage: 9–12V
Product Material	6063 die-casting integrated molding
Color temperature	5500K-8000K
All Models	H1H7H4HB3HB4H11H1690069007

Product Introduction

X6plus

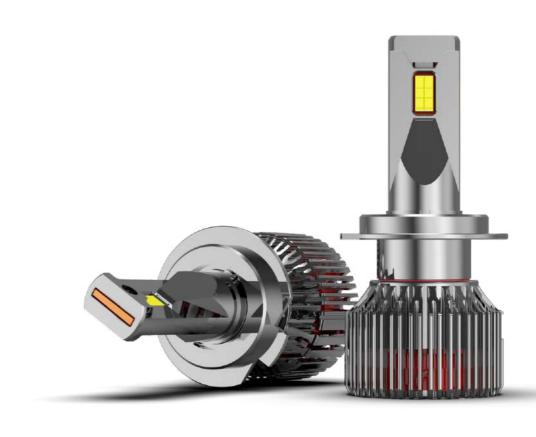

Product Naming	X6plus
Diameter sizemaxi	Rear seat diameter 35MM
mum power	Single light up 110W
Light source parameters	3570 6pcs 55MIL 30W Voltage: 9–12V
Product Material	6063 aluminum
Color temperature	5500K-8000K
All Models	H1H7H4HB3 HB4H11H1690069007

X7pro

Product Naming	X7pro
Diameter sizemaxi	Rear seat diameter 32MM
mum power	Single light up 75W
Light source parameters	3570 6pcs 55MIL 30W Voltage: 9-12V
Product Material	6063 aluminum
Color temperature	5500K-8000K
All Models	H1H7H4HB3 HB4H11H1690069007

Product Introduction

X9-2032

Product Naming	Production code X9
Diameter sizemaxi	Rear seat diameter 32MM
mum power	Single light up 65W
Light source parameters	3570 6pcs 55MIL 30W Voltage: 9–12V
Product Material	6063 aluminum
Color temperature	5500K-8000K
All Models	H1H7H4HB3 HB4H11H1690069007
